STORAGE AND EQUIPMENT COMPARTMENT

PATENT PENDING No. 62/397, 198

2018 LOFT PRODUCTS

LOFT-FPIU-GV

LOFT-TAH16-GV

Patent Pending THE LOFT by Lund is a multi-purpose storage solution for the 13+ Ford Interceptor Utility or Explorer & Chevy Tahoe. **THE LOFT** fits in the unused space above the window line and up to the headliner in the rear quarter of the vehicle.

THE LOFT-GV is designed for AR-15/M-4 Rifles equipped with standard collapsible stocks, however it will work with many different weapons and configurations. ***Different locks or accessories may be required**

THE LOFT-EC provides for electronic component installation. In both products the storage area used does not take away from space generally used for gear and equipment.

THE LOFT fits up near the headliner, up and out of your line of sight through the rear view mirror. **THE LOFT** also provides easy installation of side and rear facing emergency LED's with optional mounting kit. (p/n **LOFT-LEDBKT-4**) There are also multiple LED work and cargo area lighting options available.
