Product Overview

THE LOFT by Lund is an innovative storage solution designed to maximize the rear cargo area of Police SUVs. This multi-purpose storage unit is engineered to fit seamlessly into various SUV models, ensuring that your vehicle's weapons, critical electronics or fire/ems equipment are stored securely while making the most of its available space.

THE LOFT is ingeniously designed to fit in the unused space above the window line and up to the headliner, keeping it out of your line of sight in the rear quarter of the vehicle.
This placement ensures that it does not obstruct the driver's view as well as prying eyes while providing ample storage space that would otherwise go unused. LOFT design provides for mounting side & rear facing LED warning lights near roof saving on installation time.

All standard-size LOFT units which have an interior dimension of **40"W x 16.5"D** are designed uniformly to allow flexibility for future transfers to other SUVs, including the Explorer, Expedition, Tahoe, or Durango, using the appropriate transfer mounting kit.

All LOFT's come with vehicle specific mounting kits that mount to the "D" Pillar and most rear cargo mounted partitions. ***Please double check fitment if unsure.***

For vehicles without a rear cargo partition, an additional Non-Partition Mount Kit (NP-KIT) is required. This kit is available for all compatible SUVs, ensuring that you can securely install THE LOFT regardless of your vehicle's configuration.

This mounting solution maintains the integrity of the storage system while providing the necessary support and stability for safe usage.

Additionally for those rare instances requiring extra space for longer weapons we offer The XL version, which provides an additional 4 inches of width, this model LOFT is available just like the standard sizes and will also transfer to a new SUV with a transfer kit, except for Dodge Durango's, where it is not compatible.

Lastly our latest product in the LOFT series is the Single AR or Shotgun **COMPACT LOFT** Version, measuring **40"W x 11"D** approximately 5.5" less in depth than the standard size LOFT.

It is designed specifically to be mounted behind the 3rd-row seat in a 2021 or later Chevy Suburban and includes all required mounting brackets and hardware.
(Additional vehicle compatibility coming soon)

In conclusion, the LOFT is a versatile and practical storage solution that transforms the unused space in your SUV into valuable storage.

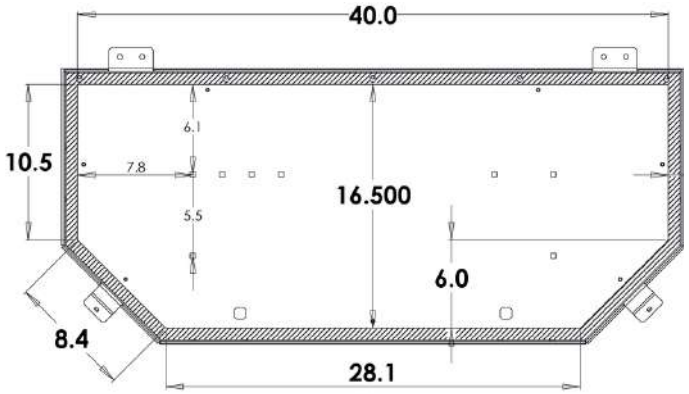
Product Line

- **LOFT-GV:** Designed for a single AR-15/M-4 rifle with standard collapsible stocks, and compatible with various other weapons and configurations. Includes a gun lock, brackets, and one muzzle. Additional locks or accessories may be needed.
- **LOFT-SG:** Designed for a single shotgun but adaptable for many weapon types and options. Includes a shotgun lock, butt cup, and momentary pushbutton switch.
- **LOFT-2G:** Designed for dual weapon mounting: an 18" shotgun and an AR-15/M-4 rifle with standard collapsible stocks. Also compatible with various other weapons and configurations. Includes two gun locks, one muzzle bracket, and one butt cup. Additional locks or accessories may be needed.
- **LOFT-GV-AO (Auto-Open):** Similar to the LOFT-GV with the addition of dual electronic rotary latch locks for rapid weapon deployment via a momentary switch. An optional key override is available. Designed for a single AR-15/M-4 rifle with standard collapsible stocks, and compatible with various other weapons and configurations. Additional locks or accessories may be needed.
- **LOFT-SG-AO (Auto-Open):** Similar to the LOFT-SG with dual electronic rotary latch locks for quick weapon access using a momentary switch. An optional key override is available. Designed for a single shotgun, and compatible with various other weapons and configurations. Additional locks or accessories may be needed.
- **LOFT-2G-AO (Auto-Open):** Similar to the LOFT-2G, featuring dual electronic rotary latch locks for fast weapon deployment via a momentary switch. An optional key override is available. Designed for dual weapon mounting: an 18" shotgun and an AR-15/M-4 rifle with standard collapsible stocks. Also compatible with various other weapons and configurations. Additional locks or accessories may be needed.
- **LOFT-EC:** Provides secure and out-of-the-way installation for electronic components without compromising gear storage space.
- **LOFT-RESQ:** Offers secure, accessible, and space-saving storage for AED machines and other first aid/rescue equipment, ensuring quick access when needed.
- **LOFT-21SUB-3R-GV:** Compact LOFT designed specifically to mount behind the 3rd row seat of the 2021+ Chevy Suburban for a single AR-15/M-4 rifle with standard collapsible stocks, compatible with various other weapons and configurations. Includes stand alone mount, gun lock, mounting brackets, muzzle and momentary pushbutton switch.
- **LOFT-21SUB-3R-SG:** Compact LOFT designed specifically to mount behind the 3rd row seat of the 2021+ Chevy Suburban for a single shotgun. Includes stand alone mount, shotgun lock, butt cup, mounting brackets and momentary pushbutton switch.
- **LOFT-21SUB-3R-GV-AO:** Compact LOFT designed specifically to mount behind the 3rd row seat of the 2021+ Chevy Suburban for a single AR-15/M-4 rifle with standard collapsible stocks, compatible with various other weapons and configurations. Includes stand alone mount, gun lock, mounting brackets, muzzle and momentary pushbutton switch.
- **LOFT-21SUB-3R-SG-AO:** Compact LOFT designed specifically to mount behind the 3rd row seat of the 2021+ Chevy Suburban for a single shotgun. Includes stand alone mount, shotgun lock, butt cup, mounting brackets and momentary pushbutton switch.

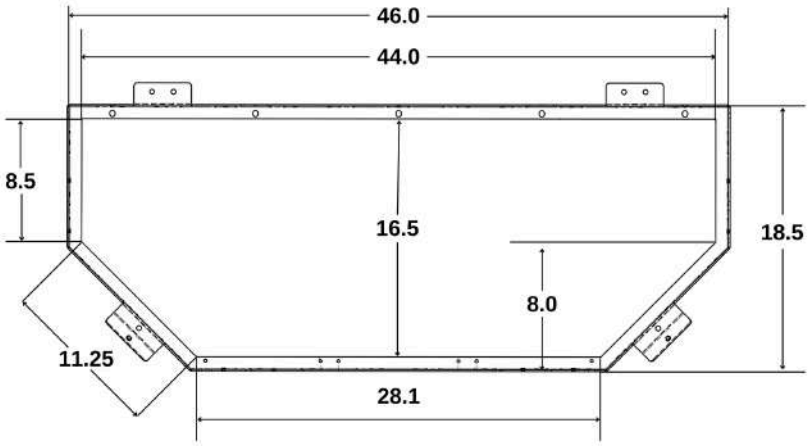
******Custom weapons with sights, silencers, etc may require additional locks or accessories***

Compatibility

- 2013+ Ford Interceptor Utility
- 2013+ Ford Explorer (Can not be used with 3rd row seat)
- 2019+ Ford Expedition SSV
- 2019+ Ford Expedition (Can not be used with 3rd row seat)
- 2015+ Chevy Tahoe PPV/SSV
- 2015+ Chevy Tahoe (Can not be used with 3rd row seat)
- 2012+ Dodge Durango PPV, SSV
- 2021+ Chevy Suburban (Designed to be installed behind 3rd row seat)
- ***Future Models coming soon including***
- 2025 Wagoneer SSV **(Removing the 3rd row seat)**
- 2025 Wagoneer L SSV **(Behind 3rd Row Seat)**



STANDARD LOFT



EXTRA-WIDE LOFT

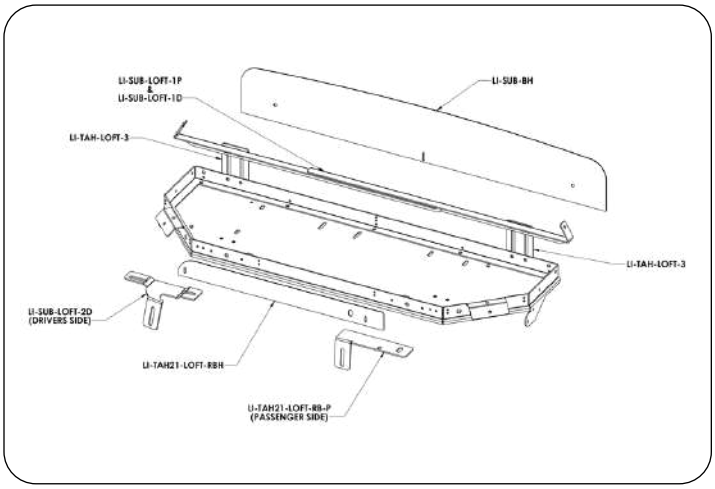
Will not work in Dodge Durango's

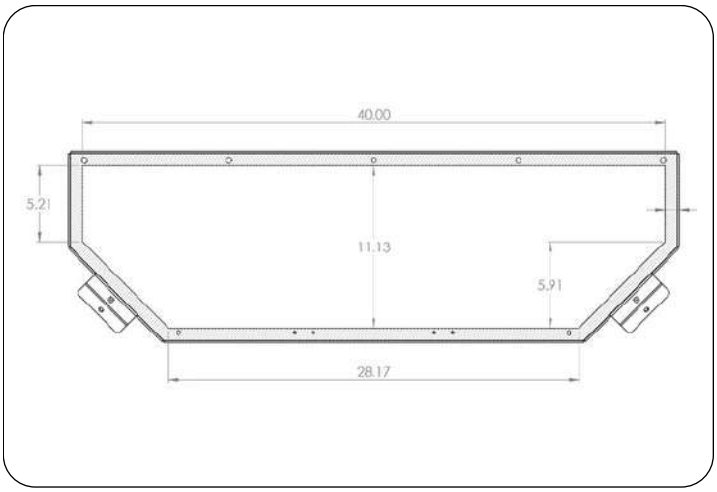
XL Version adds 4" more in width

What's New?

2021+ Suburban Single Weapon Compact-LOFT

Designed to mount behind the 3rd row seat in Chevy Suburbans





LOFT-21SUB-3R-GV/SG

Designed for 2021 and newer Chevy Suburban's, this compact LOFT weapon storage system installs easily behind the third-row seat with included stand alone mount.

Its reduced 5-inch depth compared to the standard LOFT doesn't compromise functionality, securely holding your preferred standard shotgun or AR/M4-style rifle.

This compact version is available with either standard manual quarter-turn thumb latch locks or an optional Auto-Open Electronic latch for added convenience.

Available LOFT Models

Weapon Storage LOFT

The LOFT series offers several variants designed specifically to meet diverse weapon storage needs. The key models include:

LOFT-GV
Tailored for a single AR-15/M-4 rifle with standard collapsible stocks. It includes a gun lock, mounting brackets, muzzle and a momentary pushbutton switch.

LOFT-SG
Designed for a single 18" barrel pump shotgun mount, but configurable to accommodate various weapons and accessories. It includes a shotgun lock, a butt cup, and a momentary pushbutton switch for secure weapon storage and easy access.

LOFT-2G
Caters to dual weapon storage, accommodating both an 18” shotgun and an AR-15/M-4 rifle with standard collapsible stocks. It includes a shotgun lock, a butt cup, AR gun lock, mounting brackets, muzzle and a momentary pushbutton switch.

Equipment Storage LOFT'S

Electronics Storage Compartment LOFT

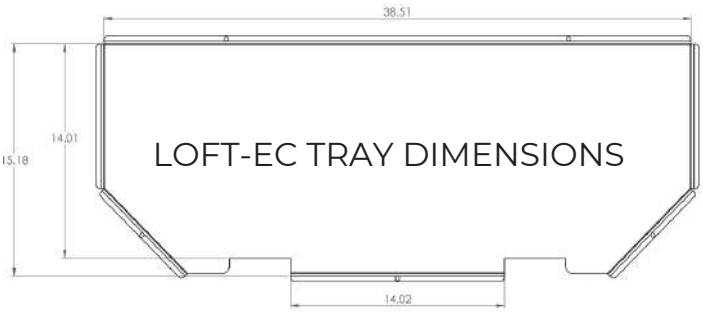
The LOFT-EC series is designed for secure electronics storage for sirens, radios, DVR's and more.

LOFT-EC

For organized and protected electronic component installation, consider LOFT-EC.

This clever design utilizes the often-unused space near the headliner, providing secure storage without sacrificing room for your essential gear and equipment.

Its elevated position also keeps it out of your direct line of sight and comes in the standard size of 40" W x 16.5" D, featuring a removable stand-off electronics tray to simplify installation.



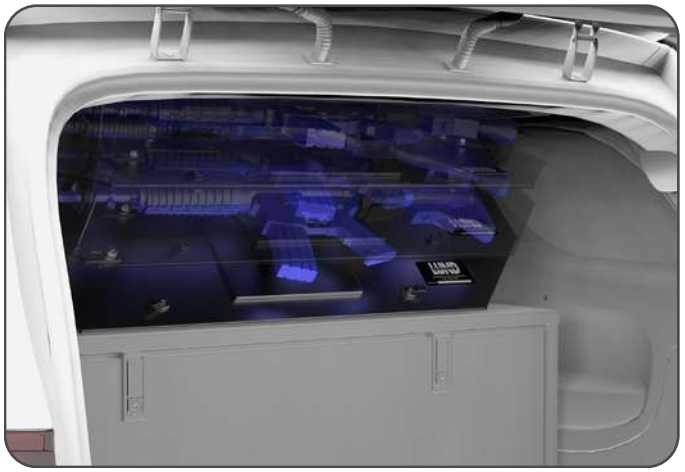
LOFT-EC TRAY DIMENSIONS

Max Equipment Weight Capacity not to Exceed 20 lbs.

Auto-Open (AO)

Available option for any weapon LOFT is the Auto-Open (AO) that features electronic rotary latch locks that release with a simple push of a momentary switch inside the vehicle, allowing for simple and rapid access to your weapon's.

An optional key override feature is also available. *(LOFT-KEYOVER)*



RESQ LOFT

The LOFT-RESQ variant is tailored for rescue gear storage, featuring:

Standard size of 40” W x 16.5” D, equipped with dense foam and standard quarter turn thumb latch keyed locks.

Ensure rapid access to life-saving equipment with the **LOFT-RESQ**. This smart design eliminates the problem of loose and hard-to-reach AED machines and other essential first aid and rescue products in vehicle rear compartments.

The **LOFT-RESQ** securely accommodates a variety of items, including fire extinguishers, AEDs, first aid kits, EpiPens, and LED flares, provided they are within the 3.5" high-density foam block dimensions and under the 20lb weight limit. Its thoughtful design offers ample clearance for common items like 5lb fire extinguishers.

- Personal Protective Equipment **(PPE)**
- EpiPens or other
- First AID Kits
- AED Machines
- Fire Extinguishers
- Road Flares **(Standard or Electronic)**
- Crime Scene Tape
- Tazers....and more
